

## Department Questionnaire for J-1 Exchange Visitor Scholar

The purpose of the J-1 Exchange Visitor Program is to "increase the mutual understanding between the people of the United States and the people of other countries by means of educational and cultural exchanges". Professors and research scholars may be sponsored as exchange visitors if the program in which they will be participating furthers the objectives of 22 CFR §62.20 (b):

- Foster the exchange of ideas and stimulate international collaborative teaching and research efforts
- Engage in teaching, lecturing and research with their American colleagues
- Participate in cross-cultural activities with Americans
- Share with their fellow citizens their experience and increased knowledge about the US and their substantive fields

Exchange Visitors are expected to return home after they have concluded the program. The Exchange Visitor classification is not intended for permanent employment (tenure, tenure-track, or similar positions in research). This should be stated on your letter of invitation to the Exchange Visitor. If you intend to employ the Exchange Visitor in a permanent capacity the H-1B category must be pursued.
